SAN FRANCISCO NOTICES.

TO OBTAIN accurate rates of your chronometers
 is of the first importance, requiring from one
 who undertakes the task constant attention and
 proper instruments. We therefore apprise you of the
 all-important fact, that we do not rate by artificial
 horizon and sextant, but that we do possess and rate
 by the only transit astronomical clock in the
 country. We are ourselves practical chronometer
 makers of experience in London, Liverpool, and New
 Orleans, and are established in San Francisco, long
 enough to have our abilities tested. We submit
 the following testimonials from captains who have
 tried the accuracy of our rates on frequent voyages to
 Panama, China, India, Sandwich Islands, &c., &c.
 "We certify that the rates of our chronometers, as
 ascertained by Messrs. Barrett & Sherwood, City ob-
 servatory, we have found on trial to be invariably
 correct, and have the fullest confidence in their abili-
 ties as chronometer makers."
